

# Asphalt Release

## Product Description

Asphalt Release is a biodegradable product that is used to prevent asphalt from sticking to truck beds and other surfaces. It's a highly concentrated product that is water-based and does not contain harmful petroleum distillates or diesel fuel and is designed to be environmentally friendly.

### DILUTION INFORMATION

For Truck Beds: Use 6 ounces of cleaner to 1 gallon of water or adjust dilution as needed.

### APPLICATION

Spray, brush, foam or manually apply in even coating to truck bed or hopper prior to loading asphalt. Repeat as needed.

### SAFETY

Must read MSDS before using product. Use precautions when handling product. Always wear eye protection, gloves, apron, and recommended personal protection.

## Specifications

Appearance	Clear Amber	Odor	Slight solvent
PH (1% solution)	7.5 – 8.5	pH (undiluted)	7.5 – 8.5
Flash Point	None	Weight	8.5 – 8.7 lb./ gal.
Biodegradable	Yes	Percent VOC's	0%
Solubility in water	Complete		

Available in 265 gallon tote, 55 gallon drum and 5 gallon pail

## Key Features

- Biodegradable
- Non corrosive to metal surfaces and tools
- Non-staining and color free
- Mixes with water for trouble free application
- Dissolves easily
