

# Cherry Spray Shine

## Product Description

Cherry Spray Shine is a biodegradable, high performance spray designed for all automatic vehicle wash and spray shine dispensing systems. It's a specially blended formulation that accelerates the drying process and leaves a shine on vehicle surfaces. Water beads up then rolls off during the drying process.

### DILUTION INFORMATION

Dilute 1 part Cherry Spray Shine with 10 parts of water, then inject 1 to 2 ounces of the dilution per car (equivalent to 1/2 to 1 ounce of spray per car). Or, meter directly onto the car at an end ratio of 1:500 to 1:356.

### APPLICATION

Apply through car wash metering system.

### SAFETY

Must read MSDS before using product. Use precautions when handling product. Always wear eye protection, gloves, apron and recommended personal protection.

## Key Features

- Biodegradable
- Easy to Use
- Economical and effective at low concentrations
- Neutral pH
- Promotes high shine

## Specifications

Appearance	Clear Red	Odor	Cherry
PH (1% solution)	7.0 – 8.0	pH (undiluted)	6.0 – 7.0
Flash Point	>200°F	Weight	7.8 – 8.1/gal
Biodegradable	Yes	Percent VOC's	23-28
Solubility in water	Moderate		

Available in 265 gallon tote, 55 gallon drum and 5 gallon pail
