

Heavy Duty Powdered Floor Cleaner

Product Description

Heavy Duty Powdered Floor Cleaner is a biodegradable floor cleaner designed to remove heavy grease and soil from concrete, asphalt, brick and quarry tile floors. This alkaline product is formulated with pine oil for a fresh scent and includes wetting agents and emulsifiers to work on the most stubborn debris. It rinses thoroughly and leaves no residue.

DILUTION INFORMATION

Use this product straight.

APPLICATION

Wet floor, manually sprinkle powder on the floor and let stand for 1 to 3 minutes. Agitate with a stiff broom or scrubber, then rinse thoroughly or squeegee dry.

SAFETY

Must read MSDS before using product. Use precautions when handling product. Always wear eye protection, gloves, apron and recommended personal protection.
