

Pre-Soak Debugger

Product Description

Pre-Soak Debugger is a biodegradable product that removes baked on bugs from cars, buses, trucks, trailers and other equipment. This liquid cleaner can be used through pressure washers, automatic car wash systems, self-service car washes or manually. Formulated with powerful surfactants, detergents, emulsifiers and water conditioners, it will penetrate and remove dirt, oil, grease and carbonized matter. It's also effective as a pre-spray in full service car washes.

DILUTION INFORMATION

Light Soil: 1 to 2 ounces of cleaner per gallon of water
 Heavy Soil: 2 to 4 ounces of cleaner per gallon of water
 Debugging: 24 ounces of cleaner per gallon of water

APPLICATION

Spray or foam onto cars, trucks, trailers, buses and equipment. Let solution stand for 1 to 3 minutes. Pressure rinse with clean water or proceed to the next step in the washing cycle. Results are better if washing in not done in direct sunlight.

SAFETY

Must read MSDS before using product. Use precautions when handling product. Always wear eye protection, gloves, apron and recommended personal protection.

Specifications

Appearance	Clear Yellow	Odor	Slight glycol ether EB
pH (1% solution)	8.5 – 9.1	pH (undiluted)	11.5 – 12.0
Flash Point	None	Weight	8.7 -8.8 lbs./gal
Biodegradable	Yes	Percent VOC's	<5%
Solubility in water	Complete		

Available in bulk, 265 gallon tote, 55 gallon drum and 5 gallon pail

Key Features

- Biodegradable
- Economical and effective at low concentrations
- Works on bugs, dirt, grease
- Moderate foam
- Fast acting
- Easy rinse
- No clogging on nozzles
