

Wash & Shine

Product Description

Wash & Shine is designed to clean and shine a vehicle's surface in one-step. It removes road soils and environmental dirt. This combination product also leaves a shine on the surface and improves water beading and accelerating drying. It has a pleasing cherry fragrance. Wash & Shine can be used in pressure washer or for manual washing. Great for cars, trucks, buses, trailers and RV's.

DILUTION INFORMATION

Normal Soil and Car Washing: Dilute 1 ounce of cleaner per gallon of water.
Heavier Soils: Dilute 2 to 3 ounces of cleaner per gallon of water.

APPLICATION

Spray, brush, foam, or manually apply to cars, trucks, trailers, RV's and buses. Agitate and let solution dwell for 1 – 3 minutes. Do not allow the solution to dry on the surface of vehicle. Pressure rinse with clean water and wipe or blow dry. Results are always better if washing is not done in direct sunlight.

SAFETY

Must read MSDS before using product. Use precautions when handling product. Always wear eye protection, gloves, apron and recommended personal protection.
